$$10 \times 9 = 90$$
A white cat with black outlines is sitting on a large, gold-colored number 9. The cat is looking towards the viewer with its front paws resting on the top bar of the 9.

$$9 \times 10 = 90$$

$$10 \times 10 = 100$$
A yellow and white lizard is standing next to a green and white drum. The lizard is on the left, and the drum is on the right. The drum has a green body with white horizontal stripes and a white drumhead with black lacing.

$$10 \times 10 = 100$$
